## COOPERATION WITH FRENCH NATIONAL COMMITTEE REGARDING TERRITORIES IN AFRICA

[Released to the press April 4]

In view of the importance of French Equatorial Africa in the united war effort, the decision has been taken to establish an American Consulate General at Brazzaville, the capital of French Equatorial Africa. Arrangements are under way with the appropriate authorities looking to the establishment of this office and to the appointment of Mr. Maynard Barnes, American Foreign Service officer, as Consul General. Mr. Barnes will proceed to Brazzaville at the expiration of leave of absence in the United States. In the meanwhile, Mr. Laurence Taylor, who has recently returned

from French Equatorial Africa, will proceed to Brazzaville to establish the office.

As has been previously stated, this Government has treated with the French authorities in effective control of French territories in Africa and will continue to treat with them on the basis of their actual administration of the territories involved. The French territories of Equatorial Africa and the French Cameroons are under the effective control of the French National Committee established in London, and the United States authorities are cooperating on matters relating to these territories with the authorities established by the French National Committee.

## DIPLOMATIC AND CONSULAR OFFICIALS OF ENEMY COUNTRIES IN THE UNITED STATES

[Released to the press April 3]

The members of the former Italian, Hungarian, and Bulgarian diplomatic and consular staffs, with all members of their families, have been transferred from White Sulphur Springs, W. Va., to Asheville, N. C., and will be assembled at the Grove Park Inn. The move includes 176 Italians, 52 Hungarians, and 9 Bulgarians who are awaiting sailing in exchange for the American Foreign Service staffs from Italy, Hungary, and Bulgaria.

The changes were necessitated because of the expected arrival of additional Axis diplomats

from Central and South America as a part of the exchange movement. The transfer of several national groups is involved.

[Released to the press April 4]

The members of the former Japanese diplomatic and consular staffs with their families have been transferred from Hot Springs, Va., to White Sulphur Springs, W. Va., and will be assembled at the Greenbrier Hotel. The move includes about 300 Japanese officials who are awaiting repatriation.

Arrangements are nearing completion for the exchange of this group for the American Foreign Service personnel still in Japanese-controlled territory abroad.

The Japanese will join the German official group already at White Sulphur Springs.

The announced list comprises the following materials: Acetic acid, acetone, aconite, ammonium sulphate, anhydrous ammonia, aniline, camphor, carbon tetrachloride, castor oil, caustic soda, chlorine, copper, cotton linters, dibutyl phthalate, electrodes, farm equipment, formaldehyde, glycerin, leather, ferro-manganese,

## INAUGURATION OF PRESIDENT OF CHILE

[Released to the press April 2]

The President sent the following telegram to His Excellency Juan Antonio Rios, President of the Republic of Chile, whose inauguration occurred on April 2:

"It gives me great pleasure to convey to Your Excellency my heartiest congratulations and good wishes upon your inauguration as Chief Executive of the Republic of Chile. The whole course of the relations between our two countries has been one of common devotion to those democratic ideals and processes which the people of Chile and the United States so fervently cherish. I am confident, therefore, that under your administration Chile will continue in the vanguard of those nations upon the decisions and actions of which at this critical time in world history the future of free men and of men who would regain their freedom so definitely depends.

FRANKLIN D ROOSEVELT"

[Released to the press April 4]

A translation of a telegram received by the President from the President of the Republic of Chile follows:

Upon assuming the presidency of the Republic of Chile, it is a pleasure for me to indicate to Your Excellency the great admiration existing in this country for the illustrious President of the United States, whose democratic convictions I share fully, and to assure you that Chile will remain during my government as up to the present time faithful to the noble policy of American solidarity and cooperation which has in Your Excellency so high and renowned an interpreter.

JUAN ANTONIO RIOS"

## PRESENTATION OF LETTERS OF CREDENCE

## AMBASSADOR OF BOLIVIA

[Released to the press March 31]

A translation of the remarks of the newly appointed Ambassador of Bolivia, Señor Dr. Don Luis Fernando Guachalla, upon the occasion of the presentation of his letters of credence, follows:

## "EXCELLENCY:

"Since our Governments have agreed upon the elevation to the rank of Embassy of our respective diplomatic missions, as a proof of the growing friendship and the renewed importance of the moral and material bonds which exist between Bolivia and the United States, I

have the high honor to place in the hands of Your Excellency the autographed letters which accredit me as Ambassador Extraordinary and Plenipotentiary of Bolivia near the illustrious Government of Your Excellency. In doing this I cannot but feel deeply encouraged, considering that the confidence thus reposed in me implies that perhaps my five years as Plenipotentiary in Washington had some recognizable effect in arriving at a better reciprocal knowledge and understanding of our problems, needs, and just aspirations. I must take this opportunity to state, Excellency, that the labor of strengthening relations which it was my duty

to carry out, following closely the instructions of my Government, would not have been possible or effective if I had not been able to count at all times on the frank assistance and sincere co-operation of the distinguished officials of your Government.

"In the vast field of present and future relations between Bolivia and the United States there is one feature which by itself stands out transcendently—and today more than in any other epoch of the history of the two countries. Without stinting its energy, and in a loyal manner, Bolivia supplies the United States with various vital strategic materials for its defense. It is sufficient to underline the fact that my country is, at the present moment, practically the only source from which tin may be obtained. In the realm of facts, that feature of our relations has the significance of the great results of international solidarity, since beyond the economic value of such interchange there stands out the joint determination of our peoples to vanquish, each with the contribution that destiny has indicated for him, the totalitarian aggression which threatens to darken the world. Our respective Governments have given preferred attention to this problem and must continue to do so. It is necessary to intensify our efforts to increase the production of tin and of other strategic minerals, and for the purpose of avoiding all difficulties inherent in this type of exploitation—fortuitous and uncertain difficulties—it is necessary to preserve by standards a constant equitable relation between costs and prices. With respect to this same subject it is also useful to point out that Bolivia offers the United States interesting possibilities for supplying its requirements of rubber and quinine.

"My Government is not forgetting, nevertheless, that permanent interests oblige it to diversify the Bolivian economy, and it is for this purpose that it has requested and obtained the financial and technical assistance of your Government. My Government does not doubt, subsequently, that this high cooperation for a long period will give desirous results throughout the years, making Bolivia a prosperous country, which should be agreeable to the United States

since it will find in Bolivia a better and safer source, at present and in the future, of the strategic and industrial minerals which it requires in large quantities.

"In these hours of profound disturbances and cruel uncertainties for those who are in doubt, my Government and my people cherish the conviction that the sacred cause of liberty and of human dignity to which you, Excellency, have devoted your entire life and of which you are now the most distinguished champion, will conquer. Bolivia has proclaimed in Rio de Janeiro its definitive adherence to this cause and it stands at the side of your country without vacillation and with the great faith of peoples who are fervently devoted to law and justice.

"Permit me, Excellency, to terminate these brief words with the honorable duty of presenting on behalf of His Excellency, the President of Bolivia, in his name and in that of the Bolivian people, his sincere wishes for the permanent greatness and prosperity of your noble country and for the personal well-being of its very illustrious President."

The President's reply to the remarks of Señor Dr. Don Luis Fernando Guachalla follows:

**"MR. AMBASSADOR:**

"It gives me great pleasure to receive the letters with which His Excellency, the President of the Republic of Bolivia, has accredited you as Ambassador Extraordinary and Plenipotentiary of Bolivia near the Government of the United States of America.

"The act of Your Excellency's Government in raising the rank of its diplomatic representation in the United States is a very friendly recognition of the growing importance in the relations between our two countries, an importance which has prompted the Government of the United States to take similar action. I am particularly pleased to greet as the first Bolivian Ambassador to the United States a friend who as the Minister of Bolivia in Washington has for more than five years sincerely interpreted the people of Bolivia and the United States to each other and who has so ably conducted the relations between our Governments.

"As Your Excellency states in your remarks on this occasion, the relations between Bolivia and the United States have assumed an even greater importance because of the emergency needs of the nations engaged in the combat against the treacherous forces of aggression. You may be sure that the Government and people of the United States are fully appreciative of the contribution being made by Bolivia to the defense of the institutions of freedom and justice.

"It will, of course, be the constant desire of the officials of the Government of the United States to work with you in every possible way to strengthen the spiritual and material bonds which unite our two countries. You have mentioned certain of the specific measures of cooperation which are at present being developed and which may in the future be developed be-

tween Bolivia and the United States. I have every confidence that the systematic developments in which our two countries are joined will redound substantially to our mutual benefit.

"In expressing the heartfelt gratitude of the Government and people of the United States for the close collaboration of the Bolivian Government and people during the present crisis, I give Your Excellency my personal assurances that I shall endeavor to express this appreciation in my efforts to assist you in carrying out the functions of your high position.

"Please thank your distinguished President, General Enrique Peñaranda, for the friendly greetings which he has sent on behalf of the Bolivian people and in his own name. I will appreciate your sending to His Excellency my own best wishes for the increasing welfare of Bolivia and for his own well-being."

#### AMBASSADOR OF PARAGUAY

[Released to the press March 31]

A translation of the remarks of the newly appointed Ambassador of Paraguay, Señor Dr. Don Celso R. Velázquez, upon the occasion of the presentation of his letters of credence, follows:

##### MR. PRESIDENT:

"I have the high honor to place in the hands of Your Excellency the letters of credence by which His Excellency the President of the Republic of Paraguay has been pleased to accredit me as Ambassador Extraordinary and Plenipotentiary of Paraguay before the Government of Your Excellency, and the letters of recall of the Envoy Extraordinary and Minister Plenipotentiary.

"My Government, by a spontaneous act, and wishing to give one more proof of the interest and great sympathy which inspire mutually the United States and Paraguay, has raised the rank of its diplomatic representation, granting me the honor of being its first Ambassador near the Government of Your Excellency and its

spokesman in the difficult period of history which obstructs humanity.

"The sentiments that animate the Government are those of the Paraguayan people.

"The high mission that has been entrusted to me near Your Excellency constitutes for me a cause for profound and singular satisfaction, because the strengthening of the spirit of collaboration and of the bonds that unite our countries—manifested once more by the resolutions to which my Government has subscribed in the circumstances of the present war—will be for me a pleasing and honorable endeavor which I shall carry out with my best wishes and all my enthusiasm.

"Undoubtedly, nevertheless, my personal efforts and good will will be insufficient for the attainment of such objectives without the valuable aid and collaboration of Your Excellency and of your Government, which I confidently expect.

"Excellency, please accept the greetings which, in the name of His Excellency the President of

the Republic of Paraguay, the Government and people of Paraguay, and in my own name, I present for the prosperity of the United States and for the personal well-being of Your Excellency."

The President's reply to the remarks of Señor Dr. Don Celso R. Velázquez follows:

**"MR. AMBASSADOR:**

"It is most gratifying to me to receive from you the letters with which His Excellency, the President of the Republic of Paraguay, has accredited you as Ambassador Extraordinary and Plenipotentiary of Paraguay near the Government of the United States of America. I also accept the letters of recall of your predecessor.

"It is an especial pleasure for me to greet you as the first Paraguayan Ambassador to the United States. The raising of our respective diplomatic missions in Asunción and Washington to the grade of Embassy reflects the growth in the cooperative relations between our two countries. I am particularly appreciative of the friendly recognition of this increased importance in our relations which is implicit in the act of Your Excellency's Government in raising the rank of its diplomatic representation in the United States.

"The friendly good-will which governs the relations between Paraguay and the United

States is the result of the firm determination on the part of the people of Paraguay and the United States to support the principles of mutual respect and equitable dealing. The unequivocal position of the Republic of Paraguay in the common endeavor of the American republics to defend themselves against the treacherous forces which today threaten the free institutions of the Americas has been a high testimony to the devotion of Your Excellency's Government to the cause of justice and democracy.

"Your Excellency may be sure that it will be a source of personal pleasure to me to collaborate with you in carrying out the functions of your high position. I am, moreover, confident that it will be the constant desire of the officials of the Government of the United States to assist you in every possible way in strengthening the bonds between the Governments and peoples of Paraguay and the United States.

"I appreciate deeply your friendly greetings on behalf of His Excellency, President Higinio Morínigo, the Government and people of Paraguay, and in your own name. Please transmit to your distinguished President my own best wishes for the increasing prosperity of Paraguay and for His Excellency's personal well-being."

[Released to the press April 4]

The Acting Secretary of State on April 4 issued formal notice of intention to negotiate a trade agreement with the Government of Mexico.

The Committee for Reciprocity Information issued simultaneously a notice setting the dates for the submission to it of information and views in writing and of applications to appear at public hearings to be held by the Committee,

and fixing the time and place for the opening of the hearings. These dates, time, and place are the same as those fixed in the notice issued by the Committee in connection with the notice of intention to negotiate a trade agreement with Bolivia also issued on April 4 by the Acting Secretary of State.

There is printed below a list of products which will come under consideration for the possible granting of concessions by the Gov-

ernment of the United States. Representations which interested persons may wish to make to the Committee for Reciprocity Information need not be confined to the articles appearing on this list but may cover any articles of actual or potential interest in the import or export trade of the United States with Mexico. However, only the articles contained in the list issued on April 4 or in any supplementary list issued later will come under consideration for the possible granting of concessions by the Government of the United States.

With respect to products appearing on both the following list and the list issued in connection with the notice of intention to negotiate a trade agreement with Bolivia, it will not be necessary to submit separate written or oral statements to the Committee.

Suggestions with regard to the form and content of presentations addressed to the Committee for Reciprocity Information are included in a statement released by that Committee on December 13, 1937.

A compilation showing the total trade between the United States and Mexico during the years 1929-40 inclusive, together with the principal products involved in the trade between the two countries during the years 1938, 1939, and 1940 has been prepared by the Department of Commerce, and may be obtained, upon request, from the Bureau of Foreign and Domestic Commerce in Washington or from any district or cooperative office.

**LIST OF PRODUCTS ON WHICH THE UNITED STATES WILL CONSIDER GRANTING CONCESSIONS TO MEXICO**

**NOTE:** The rates of duty or import tax indicated are those now applicable to products of Mexico. Where the rate is one which has been reduced pursuant to a previous trade agreement by 50 percent (the maximum permitted by the Trade Agreements Act) it is indicated by the symbol MR. Where the rate represents a reduction pursuant to a previous trade agreement, but less than a 50-percent reduction, it is indicated by the symbol B. Where an item has been bound free of duty in a previous trade agreement, it is indicated by the symbol R.

For the purpose of facilitating identification of the articles listed, reference is made in the list to the paragraph numbers of the tariff schedules in the Tariff Act of 1930, or, as the case may be, to the appropriate sections of the Internal Revenue Code. The descriptive phraseology is, however, in some cases limited to a narrower field than that covered by the numbered tariff paragraph or section in the Internal Revenue Code. In such cases only the articles covered by the descriptive phraseology of the list will come under consideration for the granting of concessions. In other cases, where the full descriptive phraseology is used, it may be that only a part of the classification as set forth in the list will come under consideration.

In the event that articles which are at present regarded as classifiable under the descriptions included in the list are excluded therefrom by

judicial decision or otherwise prior to the conclusion of the agreement, the list will nevertheless be considered as including such articles.

The rates of duty and import tax shown in the list are without reference to the act of March 13, 1942 (Public Law 497, 77th Cong., 2d sess.), suspending the effectiveness during the existing national emergency of customs duties and import taxes on scrap iron, scrap steel, and non-ferrous-metal scrap.

## TRADE-AGREEMENT NEGOTIATIONS WITH BOLIVIA

[Released to the press April 4]

The Acting Secretary of State on April 4 issued formal notice of intention to negotiate a trade agreement with the Government of Bolivia.

The Committee for Reciprocity Information issued simultaneously a notice setting the dates for the submission to it of information and views in writing and of applications to appear at public hearings to be held by the Committee, and fixing the time and place for the opening of the hearings. These dates, time, and place are the same as those fixed in the notice issued by the Committee in connection with the notice of intention to negotiate a trade agreement with Mexico also issued on April 4 by the Acting Secretary of State.

There is printed below a list of products which will come under consideration for the possible granting of concessions by the Government of the United States. Representations which interested persons may wish to make to the Committee for Reciprocity Information need not be confined to the articles appearing on this list, but may cover any articles of actual or potential interest in the import or export trade of the United States with Bolivia. However, only the articles contained in the list issued on April 4 or in any supplementary list issued later will come under consideration for the possible granting of concessions by the Government of the United States.

With respect to products appearing on both the following list and the list issued in connection with the notice of intention to negotiate a trade agreement with Mexico, it will not be necessary to submit separate written or oral statements to the Committee.

All information and views concerning tungsten ore and concentrates which were presented to the Committee for Reciprocity Information pursuant to the notice of intention to negotiate a trade agreement with Peru, issued on December 29, 1941, will be considered by the trade-agreements organization in connection with the

proposed negotiations with Bolivia. Consequently, interested persons need not resubmit the information and views presented on tungsten ore and concentrates pursuant to that notice unless they desire to do so.

Suggestions with regard to the form and content of presentations addressed to the Committee for Reciprocity Information are included in a statement released by that Committee on December 13, 1937.

A compilation showing the total trade between the United States and Bolivia during the years 1911-40 inclusive, together with the principal products involved in the trade between the two countries during the years 1939 and 1940 has been prepared by the Department of Commerce, and is printed below.

LIST OF PRODUCTS ON WHICH THE UNITED STATES  
WILL CONSIDER GRANTING CONCESSIONS TO  
BOLIVIA

NOTE: The rates of duty indicated are those now applicable to products of Bolivia. Where the rate is one which has been reduced pursuant to a previous trade agreement by 50 percent (the maximum permitted by the Trade Agreements Act) it is indicated by the symbol MR. Where the rate represents a reduction pursuant to a previous trade agreement, but less than a 50-percent reduction, it is indicated by the symbol R. Where an item has been bound free of duty in a previous trade agreement, it is indicated by the symbol B.

For the purpose of facilitating identification of the articles listed, reference is made in the list to the paragraph numbers of the tariff schedules in the Tariff Act of 1930. The descriptive phraseology is, however, in several cases limited to a narrower field than that covered by the numbered tariff paragraph. In such cases only the articles covered by the descriptive phraseology of the list will come under consideration for the granting of concessions.

In the event that articles which are at present regarded as classifiable under the descriptions included in the list are excluded therefrom by judicial decision or otherwise prior to the conclusion of the agreement, the list will nevertheless be considered as including such articles.

### RESIGNATION OF AMBASSADOR WEDDELL

[Released to the press by the White House April 2]

The President has received the following letter from the Honorable Alexander W. Weddell, American Ambassador to Spain:

**"MY DEAR MR. PRESIDENT:**

"Upon the advice of my physicians I am about to enter hospital to undergo an operation of some gravity, which, they tell me further, even if successful, would be followed by a longish period of convalescence and observation. My return to Spain could not, therefore, under most favorable circumstances, take place for some months.

"In these circumstances, and in the public interest, I am constrained to ask for permission to apply for retirement to take effect at the expiration of my leave.

"My deep regret in relinquishing my post is tempered by the hope that you may later make use of my services.

"I am, My dear Mr. President,

"Loyally yours,

**ALEXANDER W WEDDELL"**

Approving Ambassador Weddell's request for retirement, the President wrote under date of April first:

**"DEAR ALEX:**

"I have received your letter of March twenty-eighth with the deepest regret. In view of what you tell me that your physicians believe that you should have a long period of convalescence after your operation and that you could consequently not return to Spain for some time to come, I feel it necessary to accept, as you ask,

your application for retirement as Ambassador to Spain.

"You have served this Government with great distinction for many years as a Foreign Service officer and, more recently, as Ambassador to Argentina and as Ambassador to Spain. I am particularly sorry that your illness should make it necessary for you to retire at this time, but

I hope that your health will soon be completely restored and I shall call upon you for service once more when you are well again.

"With my best wishes for a speedy recovery and with my kindest personal regards, believe me

"Yours very sincerely,

FRANKLIN D ROOSEVELT"

[Released to the press April 4]

**Dr. Salvador Mendieta**, president of the Central University of Nicaragua in the capital city, Managua, arrived in Washington by plane

April 4. He will spend two months in this country at the invitation of the Department of State. After conferring with officers of the Department of State and the Legation of Nicaragua in Washington, and visiting the Pan American Union and universities and libraries here, Dr. Mendieta will make a several weeks' tour of educational centers in the East, the South, and on the West Coast.

In addition to being one of the leading educators of Central America, Dr. Mendieta is an author of distinguished works on national and international themes. His book, *La Enfermedad de Centro América*, is an often quoted, acute, and frequently unsparing diagnosis of what he terms the "disease of Central America".
